Promoting & Protecting the Health of Iowans

The Bureau of Substance Abuse supports the philosophy established by the Substance Abuse and Mental Health Services Administration (SAMHSA) which states:

"Prevention Works, Treatment is Effective, and People do Recover"

As champions for these efforts in Iowa, the Bureau of Substance Abuse works diligently to reduce misuse and abuse of alcohol and other drugs, ensure Iowans receive substance abuse assessment and treatment when and where they need it, and support addicted Iowans in their personal recovery efforts.

Did you know?

At least 72 health problems that require hospitalization are caused completely or in part by substance abuse with the top four being cardiovascular disorders, cirrhosis, cancer and unintentional injuries. In Iowa, 49.2% of substance use disorder clients served reported alcohol as the most common primary substance used, followed by marijuana at 25.8%, and methamphetamine at 16.0%. (Data Source, Iowa Department of Public Health, Division of Behavioral Health, SFY 2014)

Why is the Bureau of Substance Abuse important to promoting and protecting the health of Iowans?

- Substance use disorders and related problems are among society's most far-reaching health and social concerns. In the past year over 47,000 Iowans sought substance abuse assessment and treatment services through an IDPH-licensed program.
- According to SAMHSA, the national Substance Abuse and Mental Health Services Administration, 90% of people in the U.S. who experience substance use problems and need treatment do not perceive the need for care.
- It costs every person in the U.S. nearly \$1,000 each year for health care, law enforcement, motor vehicle crashes, crime, and lost productivity due to substance abuse.
- The 2011 National Survey on Drug Use and Health identified Iowa as one of 10 states with the highest reported binge drinking.
- In 2013, 108 out of 317 (34%) Iowa traffic fatalities were alcohol or drug related (Governor's Traffic Safety Bureau).
- The National Survey on Drug Use and Health indicates that more than 2.3 million adolescents aged 12 to 17 in 2014 were current users of illicit drugs.

Which Iowa Public Health Goals are we working to achieve?

Promote healthy behaviors

Strengthen the public health infrastructure

What do we do?

- License and monitor approximately 120 substance abuse treatment programs.
- Ensure that a full continuum of substance abuse assessment and treatment services is available to residents of all 99 Iowa counties.
- Implement substance abuse programs that support our mission such as: Families in FOCUS adolescent treatment project; Iowa Recovery Health Information Technology (IRHIT); Strategic Prevention Framework (SPF); Screening, Brief Intervention and Referral to Treatment (SBIRT) and Access to Recovery (ATR).
- Provide primary substance abuse prevention in all 99 counties, implement evidence-based and model programs, and collaborate and coordinate with substance abuse providers and community partners.
- Conduct the [Iowa Youth Survey](#) that measures attitudes and experiences of 6th, 8th and 11th graders regarding alcohol and other drug use and violence, and their perception of peer, family, school and community environments.
- Ensure a [Recovery-Oriented System of Care](#) that welcomes and engages Iowans at any and all points in their personal recovery efforts.

How do we measure our progress?

Prevention Data

Percent of Iowa students (grades 6, 8, & 11 combined) who have never used alcohol

Data Source: Iowa Youth Survey. Data is available every two years.

How are we doing? There was a decrease for all three grades in 2014.

Treatment Data

Abstinence at 6 month follow-up compared to admission

Data Source: State of Iowa Outcomes Monitoring System. 2014 data not available.

How are we doing? On average in 2013, 46% of clients were abstinent 6 months post discharge.

Recovery Data

Did not use alcohol or drugs at 6 month follow-up compared to admission

Data Source: ATR Services Accountability Improvement System

How are we doing? Since first receiving the ATR grant in 2007, Iowa has continued to show an increase in abstinence rates.

What can Iowans do to help?

1. If you know someone who needs help with alcohol or drug problems, encourage them to call the IDPH Iowa Substance Abuse Information Center Helpline, 24 hours a day, 7 days a week, at 1-866-242-4111.
2. To learn more about Substance Abuse Prevention efforts in Iowa, go to <http://idph.iowa.gov/substance-abuse/prevention>.
3. To learn more about Substance Abuse Treatment Services in Iowa, go to <http://idph.iowa.gov/substance-abuse/treatment>.
4. To learn more about Recovery Support Services, go to <http://idph.iowa.gov/atr>.
5. To find out more about bullying and suicide prevention, go to www.yourlifeiowa.org.
6. Learn about the dangers of addiction. For more information, go to www.drugfreeinfo.org.

Expenditures

State funds: General fund & Underground Storage Tank Fund (USTF) (2011 only), federal funds, & intra state receipts* (Depts. of Education, Human Rights, & Human Services, & Office of Drug Control Policy); State funds are used for a required maintenance of effort match for the Substance Abuse Prevention & Treatment Block Grant: K01-0101/0105/0151/0154/0169/0171/0173; 0153-0102/0104/0130/0132/0152/0166/0176/0214/0218/0220/1968

	State Fiscal Year 2014 Actual	State Fiscal Year 2015 Actual	State Fiscal Year 2016 Estimate
State funds	\$19,069,826	\$19,092,734	\$18,903,715
Federal funds	\$22,018,488	\$19,700,278	\$20,841,906
Other funds*	\$826,465	\$866,449	\$944,257
Total funds	\$41,914,778	\$39,659,461	\$40,689,878
FTEs	15.76	14.72	20.70

Note: Funding information is intended to provide an overview of funding related to the program area. It does not include all federal and state requirements and/or restrictions for the use of funds. Contact the program area for more detailed budget information.
